1. Join the Journal of Medical Microbiology's Board of Reviewers:

About the Journal of Medical Microbiology:

The Journal of Medical Microbiology is the go-to interdisciplinary journal for medical, dental and veterinary microbiology, at the bench and in the clinic. It provides comprehensive coverage of medical, dental and veterinary microbiology and infectious diseases, welcoming articles ranging from laboratory research to clinical profiles, including bacteriology, virology, mycology and parasitology.

Reviewer Role:

Join the founding community of dedicated reviewers helping to uphold high-quality peer review across the *Journal of Medical Microbiology*. Members of the Board of Reviewers will be acknowledged as part of the Journal and, as with all reviewers for the Society's journals, have the option to have their review activities deposited in their **ORCiD** records.

Person specification:

To join the Board of Reviewers, you will need:

- To work in medical microbiology, with expertise relevant to one or more of the Journal's sections: Antimicrobial Resistance; Clinical Microbiology; Disease, Diagnosis and Diagnostics; Medical Mycology; Microbiome and Microbial Ecology in Health; Molecular and Microbial Epidemiology; One Health – Emerging, Zoonotic and Environmental Diseases; Pathogenesis, Virulence and Host Response; and Prevention, Therapy and Therapeutics.
- Maintain an active research profile and publication history in the field.
- Have experience reviewing for Medical Microbiology journals.

Equal opportunities:

The Microbiology Society is committed to creating an inclusive culture that supports equality and diversity and fully reflects both its membership and the global microbiology community. The Society seeks to actively encourage all practices that reflect a diverse society.

Application:

To apply, please email your CV to **e.arnold@microbiologysociety.org**. Applications are accepted on an ongoing basis, but we encourage you to apply before the **15th of January 2027.**
